Hello,

ATSDR is sending the HC out for peer review. I have directed them to send it to you Sylvia. For the peer review, ATSDR is looking for an EPA R10 person with expertise in dose benchmark modeling or toxicology. I figured I'd have it sent to you and leave it up to you all to determine the best person in the region to provide the review. I am not sure of the timeline for review, but expect it to be sometime in January.

After today, I am out for the rest of the year, but will keep in eye on my e-mail in case you have questions/concerns.

Richard –

So I am working on preparing the packages for the peer-review of the sulfolane HC. I was wondering who in EPA region X you wanted the cover letter addressed to.
